PREFACE

When I was child, I used to laugh, cry and get angry secretly.

Had I had those media children have got today, my childhood could have been different. But anyway, I have always accepted life's hardships as challenges and this is the reason why I will always remain an optimist. I have always forgiven my worst enemies. And that attitude has helped me walk the path to success, ever since I was an adult. I have come to realize that my mission in life is to make it possible for all the children and their parents to deal with their emotions.

And this is how this project, called "bin your bad mood", was born and why it is very close to my heart.

My goal is to succeed in making all children and their parents feel good about themselves. The Api & Loli Family is here to bring joy and happiness to every family in the world.

Every morning, it was the same
PROBLEM... Getting ready for school was
a total NIGHTMARE !

On top of that, every time mum
would wake me up from my DREAM. But
this time, I would not let her do it
again...

So, today I decided to snuggle under the
quilt and go back to API & LOLI's forbidden
and fancy World of Wonder !

To me, this would be a journey to LAUGHTER
AND HAPPINESS...

And so, my story starts:

That night, I had promised myself I would
get back to my friends API AND LOLI.

They are funny characters that look like small green bins. They LAUGH and HAVE FUN all the time.

I wanted to know more about it !

So, I took the yellow and red flying carpet again that was waiting for me outside of my little room's window. It had a SMILE shining like a shooting STAR that lit up the front of my house.

That carpet was going to fly me to that magic place where everybody was HAVING FUN and bad mood did not exist.

Now, that I could not believe because there is often someone who is in a BAD MOOD, back home.

The flying carpet lifted off and off we went, flying over the houses.

Now, we were above the CLOUDS. These had strange shapes and they could touch me and tickle my face.

After travelling for one hour, I found myself in front of a huge and old squeaking wooden PORTAL. It looked like those one can see in ancient books.

This was the portal that opened on to the FANTASY world.

He just started talking to me and asked me my name and my age. It gave me THE GOOSE BUMPS because a door that can speak with the voice of a grandfather and wants to know who I am, that is SCARY.

Nevertheless, I obeyed him and told him what he needed to know.

The door opened and, a few minutes later, a formidable NOISE startled me: it was a little character all white and brown asking me to follow him on a damp path leading into a dark FOREST.

I looked at it and realized it was a little dog.

His name was Chuck. A funny name for a pet, is it not ? Chuck did not stop LAUGHING, JUMPING, doing ACROBATICS and then he disappeared.

All of a sudden, I am all alone in the forest but, luckily, the SUN was beginning to rise. The birds were SINGING and the trees were DANCING with the flowers on a joyful music. And all this made me want to DANCE, too, and play the fool.

I would have liked to do so at home;
DANCING and SINGING at the top of my lungs
before going to school...

I spotted a very weird little house at
the end of the path.
Her shape was as ROUND as a ball! She
was flying through the air and the
wind SWAYED her among the clouds.
Oh, and the house was DANCING too!

I took my COURAGE in both hands and
knocked on the door. It was not
a character but all the FAMILY that
welcomed me at the door : they were
the API & LOLI Family !
They said hello to me in a very gentle
manner and welcomed me to their
House of HAPPINESS.

However, I might enter the house on
one condition: that I proved to them I
could get the GIGGLES...

Get the GIGGLES ? How ? I mean, nobody
ever says that to us at home...

I was not too sure I knew what it was all about. So, API explained to me that getting the GIGGLES was a remedy to make oneself happy. And that being happy, bringing JOY to others and finding some joy one's life is a true PLEASURE !

*" Do you understand ? " Api asked me.
" So, go on and LAUGH out loud, and try your BEST ! ".*

At first, it was not easy at all because I was SHY and in LAUGHING in this way made me feel RIDICULOUS !

And then, all of a sudden, I decided to let go and I started to LAUGH. I was doubled up with laughter. I felt as light as a bird.

Then, other CHARACTERS joined me and we went on and on. My stomach was starting to hurt from LAUGHING OUT LOUD !

API & LOLI were delighted to see me so happy and they said to me :

"When you get back home, you will pass on what you have learnt here. LAUGH on and on and on as much as you want, and make people laugh because laughing makes you HAPPY!"

The SUN had been up for over an hour and I did not notice time going by.

I had to hurry home before MUM would wake me up to go to school.

The flying carpet reappeared as if by magic, right by API & LOLI's house, and he took me home in a flash...

MUM got into my room and she gently woke me up.

I slowly opened my eyes and a SMILE appeared on my face, even though I had to come out of my wonderful DREAM.

Mum noticed also something had changed in my SMILE when I woke up, and she said:

"You look so HAPPY this morning, sweetheart; will you tell mum your DREAM ?"

I just said :

« Mum, can you get the giggles for me ? ».

API & LOLI

The giggles that makes you happyfelizmaakt

There once was a family, not quite like all the others.

A family of small, green garbage bins, each endowed with a gift.
The gift to explain to children how to deal with their feelings.

This way, Api & Loli and their friends travel to fantastic places where they take the children to play with life's feelings which, in turn, teach them to deal with their «moods».

It's from this that the slogan «bin your bad mood»[®] derives its meaning and makes adults and children laugh alike.

Step into this magical world and let yourself be swept away by the magical, fantasy world of Api & Loli[®]...
